CUSTOMER NOTICE

What: Potable and Recycled Waterline Relocations

When: 2011

Where: Nogales Street & Railroad Street

Why: The Alameda Corridor – East Construction Authority
Grade Separation Project. <http://www.theaceproject.org/nogalessouth.htm>

In anticipation of the Alameda Corridor – East Grade Separation Project scheduled for 2011, Rowland Water District is relocating potable waterlines and installing recycled waterlines in the general area of the project.

Reasonable efforts will be employed to minimize the impact of a waterline installation project of this size and scope. We apologize for any inconvenience and sincerely appreciate your patience.
