INDEPENDENT AUDITORS' REPORT

Board of Directors
Rowland Water District
Rowland Heights, California

Report on the Financial Statements

We have audited the accompanying financial statements of the Rowland Water District (the District), which comprise the statements of net position as of June 30, 2014 and 2013, and the related statements of revenues, expenses and changes in net position and cash flows for the years then ended, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the State Controller's Minimum Audit Requirements for California Special Districts. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Rowland Water District as of June 30, 2014 and 2013 and the respective changes in financial position and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America, as well as the accounting systems prescribed by the State Controller's Office and State Regulations governing Special Districts.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and schedule of funding progress, identified as required supplementary information in the accompanying table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during the audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audits were conducted for the purpose of forming an opinion on the financial statements that collectively comprise the District's basic financial statements. The schedules of other operating expenses and schedules of general and administrative expenses are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The schedules of other operating expenses and schedules of general and administrative expenses are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedules of other operating expenses and schedules of general and administrative expenses are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 9, 2014, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

ROWLAND WATER DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS

June 30, 2014

This section of the District's annual financial report presents our analysis of the District's financial performance during the fiscal year that ended on June 30, 2014. Please read it in conjunction with the financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

Fiscal Year 2014

- The District's total net position decreased by \$535,573 or .88 percent
- During the year, the District's total revenues increased to \$21,945,277 or 11.54 percent, and total expenses increased to \$22,536,752 or 4.77 percent

Fiscal Year 2013

- The District's total net position decreased by \$1,507,637 or 2.41 percent.
- During the year, the District's total revenues increased to \$19,675,001 or 13.68 percent, and total expenses increased to \$21,511,277 or 15.70 percent.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of two parts: Management's Discussion and Analysis and the Financial Statements. The Financial Statements also include notes that explain in more detail some of the information in the Financial Statements.

REQUIRED FINANCIAL STATEMENTS

The Financial Statements of the District report information about the District using accounting methods similar to those used by private sector companies. These statements offer short-term and long-term financial information about its activities. The Statements of Net Position include all of the District's investments in resources (assets) and the obligations to creditors (liabilities). It also provides the basis for computing rate of return, evaluating the capital structure of the District and assessing the liquidity and financial flexibility of the District. All of the current year's revenues and expenses are accounted for in the Statements of Revenues, Expenses, and Changes in Net Position. These statements measure the success of the District's operations over the past two years and can be used to determine whether the District has successfully recovered all its costs through its user fees and other charges, profitability, and credit worthiness. The final required financial statement is the Statement of Cash Flows. The primary purpose of the statement is to provide information about the District's cash receipts and cash payments during the reporting period. The statement reports cash receipts, cash payments, and net changes in cash resulting from operating, investing, and financing activities and provides answers to such questions as where did cash come from, what was cash used for, and what was the change in cash balance during the reporting period.

See independent auditors' report.

ROWLAND WATER DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS
(CONTINUED)

June 30, 2014

FINANCIAL ANALYSIS OF THE DISTRICT

Our analysis of the District begins on page 18 of the Financial Statements. One of the most important questions asked about the District's finances is "Is the District as a whole better off or worse off as a result of the year's activities?" The Statements of Net Position and the Statements of Revenues, Expenses and Changes in Net Position report information about the District's activities in a way that will help answer this question. These statements report the net position of the District and changes in them. You can think of the District's net position - the difference between assets and liabilities - as one way to measure financial health or financial position. Over time, increases or decreases in the District's net position are one indicator of whether its financial health is improving or deteriorating. However, you will need to consider other nonfinancial factors such as changes in economic conditions, population growth, and new or changed government legislation.

NET POSITION

To begin our analysis, a summary of the District's Net Position is presented in Table 1.

TABLE 1
Condensed Statements of Net Position

	Fiscal Year 2014	Fiscal Year 2013	Dollar Change	Fiscal Year 2012 (As Restated)	Dollar Change
Assets:					
Current, restricted and other assets	\$ 45,403,134	\$ 46,222,653	\$ (819,519)	\$ 24,229,635	\$ 21,993,018

ROWLAND WATER DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS
(CONTINUED)

June 30, 2014

NET POSITION (CONTINUED)

As can be seen from Table 1, total assets decreased \$1,384,884 from fiscal year 2013 to 2014. The decrease comes from current, restricted and other assets that saw an \$819,519 or 1.77% decrease from fiscal year 2013. This decrease was caused by the 2012 Puente Basin Water Agency Revenue Bond. These funds will be used to upgrade facilities and for other projects that will help reduce the District's reliability on imported water sources. The District, through its Joint Powers Agreement with Puente Basin Water Agency, entered into a Water Rights Lease Agreement with the Cal Domestic Water Company. The total amount of the lease is \$1,575,000 with the Rowland Water District's portion being \$787,500.

Large projects completed during fiscal year 2014 included:

RWD/LHHCWD Interconnection

In an effort to secure water reliability for the customers of the Rowland Water District, the District entered into an agreement with Orchard Dale Water District (ODWD) and La Habra Heights County Water District (LHHCWD) to utilize the District's ground water rights in the Central Basin. Through the agreement, the District is able to bring water from the Central Basin through ODWD and LHHCWD into RWD's distribution system. New infrastructure was required to connect those water systems to the District's water system.

The new infrastructure included the addition of 3,800 feet of 12" pipeline and the construction of a 682 sq. ft. building for flow control and chemical injection. The District will convert the free chlorine residual of the Central Basin water to a chloramines residual to match the existing water within the water system. The water from the Central Basin enters the Interconnection building where it first goes through a flow control/pressure reducing valve before being treated with sodium hypochlorite then aqueous ammonia to create a chloramines residual. Chemical injection is done by two Pulsafeeder diaphragm pumps fed from 1,100 gallon sodium hypochlorite tanks and a 275 gallon aqueous ammonia tank. Treated water is run through a static mixer before being introduced into the water system. This addition of chemicals required the District to amend its operating permit with the California Department of Public Health.

The construction of the building also included the installation of a complete telemetry system to remotely operate and monitor all functions of the facility. Additionally, the District installed a security system connected to the District's alarm monitoring company.

A further review shows total liabilities increased by \$21,870,328 or 93.91% from fiscal year 2013 to 2014. The majority of that increase was due to the Puente Basin Water Agency issuing \$19,835,000 in water revenue bonds, 2012 series A in order to finance the acquisition of certain water system improvements of Rowland Water District and entities that will help Rowland Water District reduce its future dependence on imported water.

See independent auditors' report.

Total Revenues	<u>21,945,277</u>	<u>19,675,001</u>	<u>2,270,276</u>	<u>17,307,184</u>	<u>2,367,817</u>
Expenses:					
Operating expenses	20,504,612	19,278,221	1,226,391	17,270,674	2,007,547
Nonoperating expenses	2,032,140	2,233,056	(200,916)	1,321,804	911,252
Total Expenses	<u>22,536,752</u>	<u>21,511,277</u>	<u>1,025,475</u>	<u>18,592,478</u>	<u>2,918,799</u>
Income (loss) before Capital Contributions	(591,475)	(1,836,276)	1,244,801	(1,285,294)	(550,982)
Capital contributions	55,902	328,639	(272,737)	164,056	164,583
Change in Net Position	(535,573)	(1,507,637)	972,064	(1,121,238)	(386,399)
Beginning Net Position, as Restated	<u>61,130,345</u>	<u>62,637,982</u>	<u>(1,507,637)</u>	<u>63,759,220</u>	<u>(1,121,238)</u>
Ending Net Position, as Restated	<u>\$ 60,594,772</u>	<u>\$ 61,130,345</u>	<u>\$ (535,573)</u>	<u>\$ 62,637,982</u>	<u>\$ (1,507,637)</u>

While the Statements of Net Position show the change in financial position, the Statements of Revenues, Expenses, and Changes in Net Position provide answers as to the nature and source of these changes. As can be seen in Table 2, Loss before Capital Contributions of \$(591,475) and Capital Contributions of \$55,902 resulted in a decrease in ending net position of \$(535,573) or an decrease of 64.48% in fiscal year 2014.

A closer examination of the source of changes in Net Position reveals that the District's total revenues increased by \$2,270,276 or 11.54% in fiscal year 2014. Of this amount, operating revenues increased by \$2,138,066 or 11.34% and its nonoperating revenues increased by \$132,210 or 16.27% in the past fiscal year.

See independent auditors' report.

ROWLAND WATER DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

June 30, 2014

NET POSITION (CONTINUED)

The main factor attributing to the increase in operating revenues was an increase in the water rate and service charge that became effective on January 1, 2014. The base rate increase \$0.10 from \$2.52 to \$2.62 or 3.96%. Water use over 16 hcf is paid at a higher rate. The monthly service charge for standard 5/8" to 3/4" meters increased \$.71 from \$23.53 to \$24.24 or 3.02%. The District continues to use conservation rates that were initially implemented in January, 2009. The conservation rates as of January, 2014 were a base rate of \$2.62 for 1-16 hcf, \$3.01 for 17-23 hcf, and \$3.80 for 24+ hcf. The District has six different pumping zones. Pumping charges cover the energy costs to pump water to each zone of elevation over Zone 1. The additional pumping cost is added to the base rate if the property resides in Zone 2 through Zone 6.

Nonoperating revenues increased significantly in 2014. The main reason for this was an increase in interest expense due to the 2012 Puente Basin Water Agency issuing water revenue bonds for use by Rowland Water District. Interest Expense increased by \$457,743 or 40.55% over the past fiscal year. The District also incurred \$233,778 in debt issuance costs. The District had unrestricted cash and investments totaling \$17,568,206, ending the fiscal year, a decrease of \$1,399,639 from 2013. This decrease caused a reduction in interest and dividend income along with a continual declining interest rate environment. The District's cash and investments are held in cash, short-term CD's, money market mutual funds, government bonds and treasury bills. A comparison for these types of investments can be the State of California Local Agency Investment Fund (LAIF). LAIF saw its yield reduced from 0.24% ended fiscal year 2013 to 0.24% ended fiscal year 2014. Realized and unrealized loss on investments decreased \$(319,539) or 80.84%. This is a decrease in the value of the District's bond portfolio as new issues are purchased at lower interest rates. This causes the value of the portfolio to decrease as lowering yielding securities replace higher yielding ones in times of declining interest rates. It is important to note that this is a reduction in the unrealized gain or book value of the portfolio only.

Total operating revenues increased by \$2,138,066 or 11.34% while operating expenses increased by 6.36%. This resulted in an operating gain of \$911,675 in fiscal year 2014. While the District saw total water sales revenue increase by \$1,633,011 or 12.38% from fiscal year 2013, Source of Supply costs increased \$639,569 or 6.38% from fiscal year 2013. Source of Supply includes the cost of potable and reclaimed water along with MWD and TVMWD fixed charges. The average cost of an acre foot of water increased 3.06% from \$849 in 2013 to \$875 in 2014. Fixed charges remained consistent from fiscal year 2013 to 2014. General and administrative expense saw a decrease of \$236,035 or 5.56%. The majority of this decrease comes from pension plan contributions and service charges. In 2013, the District paid off its CalPERS side fund of approximately \$384,000. CalPERS charged 7.50% interest on this fund and the District reserves are yielding approximately 1.00%. By eliminating this, the District employer contribution rate to CalPERS was reduced from 17.677% to 14.660% in fiscal year 2013-2014. Service charges and office supplies and expenses saw increases due to licensing fees for District software programs such as CIP Planner, CMMS, and additional computer hardware and software support for these additional systems. Also, bank charges increased due to additional trustee and management fees to support the 2012 revenue bond during 2013. Depreciation expense for fiscal year 2014 was \$2,236,199. It is important to note that depreciation expense is the yearly accumulated depreciation on the District capital assets, not an amount paid directly by the District for the cost of the depreciated assets. The District does continue to fund 80% of depreciation of Rowland Water District assets through its rates and charges.

See independent auditors' report.

MANAGEMENT'S DISCUSSION AND ANALYSIS
(CONTINUED)

June 30, 2014

BUDGETARY HIGHLIGHTS

**TABLE 3
Budget vs. Actual**

	Fiscal Year 2014		
	Actual	Budget	Variance
Revenues:			
Operating revenues	\$ 21,000,529	\$ 19,960,000	\$ 1,040,529
Nonoperating revenues	944,748	550,000	394,748
Total Revenues	<u>21,945,277</u>	<u>20,510,000</u>	<u>1,435,277</u>
Expenses:			
Operating Expenses:			
Source of supply	10,672,714	10,225,000	(447,714)
Pumping and power	950,494	875,000	(75,494)
Transmission and distribution	2,150,763	1,045,000	(1,105,763)
Customer services	126,886	135,000	8,114
Depreciation expenses	2,236,199	1,855,000	(381,199)
Other operating expenses	466,674	265,000	(201,674)
General and administrative expenses	3,900,882	4,467,000	566,118
Total Operating Expenses	<u>20,504,612</u>	<u>18,867,000</u>	<u>(1,637,612)</u>
Nonoperating expenses	<u>2,032,140</u>	<u>2,800,000</u>	<u>767,860</u>
Total Expenses	<u>22,536,752</u>	<u>21,667,000</u>	<u>(869,752)</u>
Capital Contributions	<u>55,902</u>	<u>-</u>	<u>55,902</u>
Change in Net Position	<u>\$ (535,573)</u>	<u>\$ (1,157,000)</u>	<u>\$ 621,427</u>

In looking at Table 3, Budget vs. Actual, the discrepancy in net income over budgeted change in net position and change in net position is \$(535,573) or 53.71%. Total Revenues shows a positive variance of \$1,435,277 or 6.54% from actual.

Total operating expenses saw a negative variance of \$1,637,612 or 7.98%. Nonoperating expenses saw a positive variance of \$767,860 or 37.79% from actual. These expenses account for the interest expense and the amortization expense bond issuance cost associated with the 2012 Puente Basin Water Agency Revenue Bond and interest expense on the 2008 Recycled Water Certificate of Participation. Total expenses showed a 4.01% variance above the budgeted amount.

See independent auditors' report.

Noncurrent Liabilities

	Fiscal Year 2014	Fiscal Year 2013	Dollar Change	Fiscal Year 2012 (As Restated)	Dollar Change
Certificates of Participation, net	\$ 18,949,753	\$ 19,258,668	\$ (308,915)	\$ 19,552,583	\$ (293,915)
Installment Purchase Contract payable, net	20,949,205	21,379,857	(430,652)	-	21,379,857
Compensated absences	312,516	323,778	(11,262)	321,351	2,427
Accrued net OPEB obligation	459,526	773,320	(313,794)	810,255	(36,935)
	<u>\$ 40,671,000</u>	<u>\$ 41,735,623</u>	<u>\$ (1,064,623)</u>	<u>\$ 20,684,189</u>	<u>\$ 21,051,434</u>

The District currently has four sources of Noncurrent Liabilities in 2014. The Certificates of Participation (COP) issued in January 2009 were used for the expansion of the District's Recycled Water System. The goal is to lower the dependence on import water by producing recycled water at a lower cost. Recycled water can be used for irrigation at school, parks, industrial buildings, etc. In November 2012, the District entered into an installment purchase contract with Puente Basin Water Agency in order to finance the acquisition of certain water system improvements. The liability is payable over the next thirty years. The increase in compensated absences is attributed to more sick and vacation time being due to current employees. Compensated absences are District liabilities for accrued unpaid sick and vacation time. These liabilities would have to be paid at the employee's retirement or separation from service. Net OPEB obligations refer to Other Post Employment Benefits that would be owed to employees upon retirement. The Net OPEB obligation is the difference between the actuarially-determined annual required contribution and the actual contributions made. The District currently funds these expenses on a pay-as-you-go basis, but is funding a GASB 45 trust to help offset the future cost of Other Post Employment Benefits.

Additional information on the District's noncurrent liabilities can be found in Notes 7 - 9 and 12 of the notes to basic financial statements.

See independent auditors' report.

ROWLAND WATER DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS
(CONTINUED)

June 30, 2014

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The District's Board of Directors and management considered many factors when setting the fiscal year 2014 Budget, user fees, and charges. A projection is made on the amount of acre feet of water that will be purchased and sold. The District also looks at the increase in the Source of Supply. Since the District heavily relies on import water, the costs are directly passed through by Metropolitan Water District and Three Valleys Municipal Water District. Most are fixed costs that do not vary depending upon the amount of water sold. Other expenses are budgeted individually to account for increases in such things as Automobile and Truck Expenses or Workers' Compensation Insurance. The District's customer base has not changed significantly; therefore, revenue and costs are more easily projected.

TABLE 6
Fiscal Year 2015 Budget vs. Fiscal Year 2014 Actual

	Fiscal Year 2014 Actual	Fiscal Year 2015 Budget	Variance
Revenues:			
Operating revenues	\$ 21,000,529	\$ 20,765,000	\$ (235,529)

THIS PAGE INTENTIONALLY LEFT BLANK

NOTES TO BASIC FINANCIAL STATEMENTS

ROWLAND WATER DISTRICT

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2014 and 2013

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

a. Nature of Organization:

The Rowland Water District (the District) was formed by the voters on March 3, 1953 under the County Water District Law, Division 12 Water Code, State of California, to provide a safe and reliable water source to allow the community to transform from a cattle raising and farming area into the large urban and industrial area it serves today. The District encompasses a 17.2 square mile area in Southeastern Los Angeles County which services portions of Rowland Heights, La Puente, Hacienda Heights, City of Industry and City of West Covina. The service area's population is approximately 60,000.

b. Basis of Presentation:

The District's activities are accounted for in an enterprise fund. An enterprise fund is a proprietary-type fund used to account for operations (a) that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

c. Measurement Focus and Basis of Accounting:

"Measurement focus" is a term used to describe *which* transactions are recorded within the various financial statements. "Basis of accounting" refers to *when* transactions are recorded regardless of the measurement focus applied. The accompanying financial statements are reported using the "economic resources measurement focus," and the "accrual basis of accounting." Under the economic measurement focus all assets, deferred outflows of resources, liabilities and deferred inflows of resources (whether current or noncurrent) associated with these activities are included on the Statement of Net Position. The Statement of Revenues, Expenses and Changes in Net Position present increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

See independent auditors' report.

ROWLAND WATER DISTRICT

NOTES TO BASIC FINANCIAL STATEMENTS
(CONTINUED)

June 30, 2014 and 2013

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

d. New Accounting Pronouncements:

Current Year Standards:

GASB 66 - *“Technical Corrections, an amendment of GASB Statement No. 10 and Statement No. 62”*, required in to be implemented in the current fiscal year, did not impact the District.

GASB 70 - *“Accounting and Financial Reporting for Nonexchange Financial Guarantees”*, required in to be implemented in the current fiscal year, did not impact the District.

Pending Accounting Standards:

GASB has issued the following statements which may impact the Commission’s financial reporting requirements in the future:

- GASB 68 - *“Accounting and Financial Reporting for Pensions, an amendment of GASB Statement No. 27”*, effective for the fiscal years beginning after June 15, 2014.
- GASB 69 - *“Government Combinations and Disposals of Government Operations”*, effective for periods beginning after December 15, 2013.
- GASB 71 - *“Pension Transition for Contributions Made Subsequent to the Measurement Date, an Amendment of GASB Statement No. 68”*, effective for periods beginning after June 15, 2014.

e. Deferred Outflows/Inflows of Resources:

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to future periods and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District does not have any deferred outflows of resources to report.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to future periods and will not be recognized as an inflow of resources (revenue) until that time. The District does not have any deferred inflows of resources to report.

See independent auditors’ report.

ROWLAND WATER DISTRICT

NOTES TO BASIC FINANCIAL STATEMENTS
(CONTINUED)

June 30, 2014 and 2013

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

f. Net Position:

Net position of the District can be classified into three components - net investment in capital assets; restricted; and unrestricted. These classifications are defined as follows:

- Net investment in capital assets - This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent related debt proceeds at year end, the portion of the debt attributable to the unspent proceeds are not included in the calculation of net investment in capital assets. Rather, that portion of the debt is included in the same net position component as the unspent proceeds
- Restricted net position - This component of net position consists of constraints placed on net position use through external constraints imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- Unrestricted net position - This component of net position consists of net position that does not meet the definition of “net investment in capital assets” or “restricted”.

When both restricted and unrestricted resources are available for use, it is the District’s policy to use restricted resources first, then unrestricted resources as they are needed.

g. Uniform System of Accounts for Water Utility Districts:

The District follows the procedures and policies described by the Controller of the State of California for uniform system of accounts for nonprofit water utility districts.

h. Operating Revenues and Expenses:

Operating revenues, such as water sales and services, result from exchange transactions associated with the principal activity of the District. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as property taxes and investment income, result from nonexchange transactions or ancillary activities in which the District gives (receives) value without directly receiving (giving) equal value in exchange. Operating expenses include the cost of sales and services, administrative expenses and depreciation on capital assets.

See independent auditors’ report.

ROWLAND WATER DISTRICT

NOTES TO BASIC FINANCIAL STATEMENTS
(CONTINUED)

June 30, 2014 and 2013

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

i. Cash and Cash Equivalents:

For purposes of the statements of cash flows, cash and cash equivalents have been defined as unrestricted demand deposits and highly liquid investments with maturity of three months or less at date of purchase.

j. Investments:

Investments are stated at fair value (quoted market price or the best available estimates thereof). Net increase (decrease) in the fair value of investments, which consists of realized gains (losses) and the unrealized gains (losses), is shown in the statement of revenues, expenses and changes in net position.

k. Restricted Assets:

Amounts shown as restricted assets have been restricted by either bond indentures, external constraints, or laws and regulations of other governments.

l. Accounts Receivable:

The District grants unsecured credit to its customers. Bad debts are accounted for by the reserve method, which establishes an allowance for doubtful accounts based upon historical losses and a review of past due accounts.

m. Inventories and Water in Storage:

Supply inventories maintained by the District consist primarily of water meters and accessories, water pipes, valves and various fittings. Inventories are valued at cost using the first-in, first-out (FIFO) method. Water in storage is valued at average cost.

n. Capital Assets and Depreciation:

Capital assets are stated at cost, net of accumulated depreciation. District policy has set the capitalization threshold for reporting capital assets at \$2,500. Depreciation is recorded on the straight-line basis over the estimated useful lives as follows: 5 years for computers, vehicles, office equipment and furniture; 10 years for forklifts; 15 years for hydrants; 20 years for meters; and, 75 years for mains. Maintenance and repairs are charged to expense as incurred. Significant renewals and betterments are capitalized.

See independent auditors' report.

ROWLAND WATER DISTRICT

NOTES TO BASIC FINANCIAL STATEMENTS
(CONTINUED)

June 30, 2014 and 2013

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

o. Capitalized Interest:

The District incurred interest charges on long-term debt totaling \$1,939,957 and \$1,639,589 for the years ended June 30, 2014 and 2013, respectively. \$0 and \$55,052 of these amounts have been capitalized as additions to the cost of construction for the years ended June 30, 2014 and 2013, respectively.

p. Restricted Liabilities:

Certain liabilities which are currently payable have been classified as current liabilities payable from restricted assets and assets have been restricted for their payment.

q. Unearned Construction Advances and Capital Contributions:

Construction advances from developers are unearned during the period of construction. When a project is completed, the applicable revenues earned are allocated to the contributed capital. Also, capital contributions represent cash and utility plant additions contributed to the District by property owners or developers desiring services that require capital expenditures or capacity commitment.

r. Property Taxes:

Property tax in California is levied in accordance with Article 13A of the State Constitution at one percent of county-wide assessed valuations. This one percent is allocated pursuant to state law to the appropriate units of local government.

The property tax calendar is as follows:

Lien Date:	January 1
Levy Date:	July 1
Due Date:	First Installment - November 10 Second Installment - February 10
Delinquent Date:	First Installment - December 10 Second Installment - April 10

s. Compensated Absences:

Vested or accumulated vacation and sick leave is recorded as an expense and liability as benefits accrue to employees.

See independent auditors' report.

ROWLAND WATER DISTRICT

NOTES TO BASIC FINANCIAL STATEMENTS
(CONTINUED)

June 30, 2014 and 2013

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

t. Claims and Judgments:

When it is probable that a claim liability has been incurred at year-end, and the amount of the loss can be reasonably estimated, the District records the estimated loss, net of any insurance coverage under its participation in the Joint Power Insurance Authority program. At June 30, 2014 and 2013, in the opinion of the District's legal counsel, the District had no material claims which would require loss provision in the financial statements. Small dollar claims and judgments are recorded as expenses when paid

u. Reclassifications:

Certain accounts in the prior-year financial statements have been reclassified for comparative purposes to conform with the presentation in the current-year financial statements. The line items affected by the reclassifications are other receivables, other payables and the net position classifications.

v. Use of Estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

2. CASH AND INVESTMENTS:

Cash and Investments:

Cash and investments as of June 30, 2014 and June 30, 2013 are reported in the accompanying statements of net position as follows:

	<u>2014</u>	<u>2013</u>
Financial Statement Classification:		
Unrestricted:		
Cash and cash equivalents	\$ 2,161,539	\$ 2,150,166
Investments	14,571,208	14,313,673
Restricted:

Disclosures Relating to Interest Rate Risk:

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the District manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity as necessary to provide the cash flow and liquidity needed for operations.

See independent auditors' report.

ROWLAND WATER DISTRICT

NOTES TO BASIC FINANCIAL STATEMENTS
(CONTINUED)

June 30, 2014 and 2013

2. CASH AND INVESTMENTS (CONTINUED):

Concentration of Credit Risk:

Investments in any one issuer that represents 5% or more of total District's investments are as follows:

Issuer	Investment Type	2014	2013
Federal Home Loan Bank	U.S. Government Sponsored Agency Securities	\$2,290,502	\$ -
Federal Home Loan Mortgage Corporation	U.S. Government Sponsored Agency Securities	\$7,321,091	\$2,880,597
Federal National Mortgage Association	U.S. Government Sponsored Agency Securities	\$8,233,901	\$5,478,120

Custodial Credit Risk:

Custodial credit risk for *deposits* is the risk that, in the event of the failure of a depository financial institution, the District will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for *investments* is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, the District will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the District's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure District deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

As of June 30, 2014 and 2013, the District's deposits were covered by the Federal Deposit Insurance Corporation insurance limits or collateralized as required by California law.

See independent auditors' report.

NOTES TO BASIC FINANCIAL STATEMENTS
(CONTINUED)

June 30, 2014 and 2013

2. CASH AND INVESTMENTS (CONTINUED):

Investment in State Investment Pool

The District is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the State of California. The fair value of the District's investment in this pool is reported in the accompanying financial statements at amounts based upon the District's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis.

3. RESTRICTED ASSETS:

Restricted assets were provided by, and are to be used for, the following:

<u>Funding Source</u>	<u>Use</u>	<u>June 30, 2014</u>	<u>June 30, 2013</u>

ROWLAND WATER DISTRICT

NOTES TO BASIC FINANCIAL STATEMENTS
(CONTINUED)

June 30, 2014 and 2013

5. OTHER RECEIVABLES/PAYABLES:

The District is involved in various projects and a joint venture with Walnut Valley Water District. The purpose of these projects are to enhance water production and delivery for the districts. The District along with Walnut Valley Water District are each obligated to make capital contributions to fund fifty percent, respectively of the project costs. They become obligated for their fifty percent share of such capital contributions as project costs are incurred. The District has paid for certain project costs on behalf of the Walnut Valley Water District. These amounts will be reimbursed and have been included in the accompanying statements of net position as other receivables. Conversely, Walnut Valley Water District has paid for certain project costs on behalf of the District. These amounts will be reimbursed and have been included in the accompanying statements of net position as other payables. The receivables and payables due to and from Walnut Valley Water District at June 30 are as follows:

	<u>2014</u>	<u>2013</u>
Receivables from Walnut Valley Water District	\$ 253,018	\$ 920,986
Payables to Walnut Valley Water District	744,099	114,750

6. INVESTMENT IN JOINT VENTURES:

Puente Basin Water Agency:

The Puente Basin Water Agency (the Agency) was created in 1971 by the execution of a Joint Powers Agreement (the Agreement) between the Rowland Water District and the Walnut Valley Water District. The Agreement was made pursuant to Article 1, Chapter 5, Division 7, Title 1 of the government code of the State of California. The Agency was organized for the purpose of protection and utilization of the local, imported and reclaimed water supply within the Puente Basin. The Agency is governed by a four-member appointed Board of Commissioners. Each District appoints two members to this Board.

Upon dissolution of the Agency, the assets in the possession of the Agency shall be distributed to the members as their interest may appear on the books of the Agency and pursuant to the provisions of Section 6512 of the Government Code. Complete financial statements for the Agency can be obtained by written request at 271 South Brea Canyon Road, Walnut, California.

The District records its investment in the Puente Basin Water Agency as an other noncurrent asset, Investment in Joint Ventures, primarily capital assets.

See independent auditors' report.

6. INVESTMENT IN JOINT VENTURES (CONTINUED):

Pomona-Walnut-Rowland Joint Water Line Commission:

The District is a member of the Pomona-Walnut-Rowland Joint Water Line Commission (the Commission). The Commission was formed, under the Joint Powers Agreement (the JPA) of 1956, between the City of Pomona, the Walnut Valley Water District and the Rowland Water District. The JPA's purpose is to acquire, construct, maintain, repair, manage and operate a water transmission pipeline for the benefit of the members' water supplies. The Commission is governed by a three-member board composed of one appointee from each member agency

Each year, every member agency is charged an assessment for their share of the general and administrative costs of the Commission which is allocated based on each agency's capacity rights in the pipeline. In addition, a capital surcharge is assessed for the future replacement of the pipeline. For the years ended June 30, 2014 and 2013, the District remitted assessments of \$44,073 and \$44,106, respectively, for their 20.0% capacity rights and their share of future replacement costs. Also, the District purchased water totaling \$5,402,342 and \$5,303,632 from the Commission during the years end June 30, 2014 and 2013, respectively.

Upon dissolution of the Commission, the net position will be divided in proportion to the contribution each agency made to the maintenance and operation account during the last prior twelve month period. The District, consequently, has an ongoing financial responsibility in the activities of the Commission. However, the JPA does not explicitly require the measurement of the District's equity interest in the Commission. Complete financial statements for the Commission can be obtained by written request at P.O. Box 508, Walnut, California.

The District records its investment in the Pomona-Walnut-Rowland Joint Waterline Commission Agency as an other noncurrent asset, Investment in Joint Ventures, primarily capital assets. The changes in its investment in Pomona-Walnut-Rowland Joint Waterline Commission consisted of the following:

	<u>2014</u>	<u>2013</u>
Beginning of year	\$ 639,642	\$ 629,428
Share in income	<u>11,640</u>	<u>10,214</u>
End of year	<u>\$ 651,282</u>	<u>\$ 639,642</u>

See independent auditors' report.

7. CERTIFICATES OF PARTICIPATION:

On December 23, 2008, the District issued \$20,545,000 of Certificates of Participation. The proceeds are being used to finance the acquisition and construction of certain recycled water improvements.

The Certificates were issued at a discount of \$188,627, which is being amortized and recognized as interest expense over the life of the debt on a straight-line basis. This issuance is comprised of \$6,815,000 serial certificates maturing annually on December 1 from 2009 to 2025 and three term certificates (totaling \$13,730,000) maturing on December 1, 2029, 2035 and 2039 that are payable in annual sinking fund installments commencing December 1, 2026. Interest on the certificates is payable semi-annually on December 1 and June 1 at rates ranging from 4.00% to 5.75% for the serial certificates and 6.00% to 6.50% for the term certificates. The required reserve for the Certificates of Participation is \$1,524,688 and as of June 30, 2014 the reserve was funded at \$1,503,963.

The following is a summary of the changes in Certificates of Participation for the year ended June 30, 2014:

	<u>Balance at</u> <u>June 30, 2013</u>	<u>Additions</u>	<u>Reductions</u>	<u>Balance at</u> <u>June 30, 2014</u>	<u>Due Within</u> <u>One Year</u>
Certificates of Participation (COP):

8. INSTALLMENT PURCHASE CONTRACT PAYABLE:

On November 1, 2012, the Puente Basin Water Agency issued \$19,835,000 in water revenue bonds, 2012 Series A in order to finance the acquisition of certain water system improvements of the Rowland Water District. Proceeds of the bonds including \$1,570,182 of bond premium were loaned to the District pursuant to an installment purchase contract entered into concurrently with the bonds issuance.

The bond premium is being amortized and recognized as interest expense over the life of the debt on a straight-line basis. The installment purchase contract payments mirror the debt service payments on the water revenue bonds. Interest is payable semi-annually on December 1 and June 1 at rates ranging from 2.00% to 5.00%. The District's obligation to make installment payments is a special obligation of the District payable solely from the net revenues of the District. The required reserve for contract is \$1,181,250 and as of June 30, 2014 the reserve was funded at \$1,175,138.

See independent auditors' report.

2035 - 2039	4,205,000	1,563,844	5,768,844
2040 - 2042	<u>4,185,000</u>	<u>431,375</u>	<u>4,616,375</u>
Total	<u>\$ 19,455,000</u>	<u>\$ 13,985,575</u>	<u>\$ 33,440,575</u>

9. COMPENSATED ABSENCES:

In accordance with the District's policy, employees may accrue up to 240 hours of vacation. For the years ended June 30, 2014 and 2013, the total accrued vacation liability for all employees totaled \$153,247 and \$148,044, respectively.

Also, in accordance with the District's policy, employees may accrue up to 352 hours of sick leave. Upon attaining 352 hours, the employee may exercise a one-time option to exchange sick leave hours for cash or vacation time. Upon separation, retirement or death, an employee shall receive as additional retirement benefit, an amount equal to 50% of accrued hours for unused sick leave pay for up to 352 hours, or 176 hours.

See independent auditors' report.

ROWLAND WATER DISTRICT

NOTES TO BASIC FINANCIAL STATEMENTS
(CONTINUED)

June 30, 2014 and 2013

9. COMPENSATED ABSENCES (CONTINUED):

The District has modified the Employment Agreement in regards to the General Manager's sick leave benefits. The General Manager shall receive the same sick leave benefits, upon the same terms and conditions, as provided to all other District employees, except that upon retirement or other termination of employment, the General Manager is entitled to receive 100% of accrued sick leave up to 1,000 hours in the event of separation from employment. For the years ended June 30, 2014 and 2013, the total accrued sick leave liability for all employees totaled \$159,269 and \$175,734, respectively.

10. DEFERRED COMPENSATION PLAN:

The District has adopted a deferred compensation plan (the Plan) created in accordance with Internal Revenue Code Section 457. The Plan, available to all District employees, permits them to defer a portion of their salary until future years. The funds are not available to employees until termination, retirement, death or an unforeseeable emergency. Employees may contribute to the Plan up to 25% of their annual compensation, not to exceed limits established in the Internal Revenue Code. The District does not make any contributions to this Plan. Deferred compensation plan assets are not included in the financial statements as the plan assets are held in trust to protect them from general creditors of the District.

11. EMPLOYEE RETIREMENT PLANS:

a. Plan Descriptions:

Rowland Water District contributes to the Miscellaneous 2.5% at 55 Risk Pool and Miscellaneous 2% at 62 Risk Pool of the California Employees Retirement System (CalPERS), cost sharing, multiple-employer public employee defined benefit pension plans. CalPERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. CalPERS acts as a common investment and administrative agent for participating public entities within the State of California. The Miscellaneous 2% at 62 Risk Pool was created by California Employees' Pension Reform Act (PEPRA) as of January 1, 2013, and is open to all new employees who do not qualify for the Miscellaneous 2.5% at 55 Risk Pool. Benefit provisions and all other requirements are established by State statute and District resolutions. Copies of CalPERS' annual financial report may be obtained from their Executive Office located at, 400 P Street, Sacramento, CA 95814.

See independent auditors' report.

ROWLAND WATER DISTRICT

June 30, 2014 and 2013

11. EMPLOYEE RETIREMENT PLANS (CONTINUED):

b. Funding Policies:

The contributions to the Miscellaneous 2.5% at 55 Risk Pool include an employee portion of 8% of current covered payroll. The District has elected to contribute the employee portion. The District is also required to contribute any actuarially determined remaining amounts necessary to fund the benefits for its members. The actuarial methods and assumptions used are those adopted by the CalPERS Board of Administration. The required employer contribution rate for the year's ended June 30, 2014, and 2013 were was 17.677% and 16.871%, respectively. The contribution requirements of the plan members are established by State statute and the employer contribution rate is established and may be amended by CalPERS.

The contributions to the Miscellaneous 2% at 62 Risk Pool include an employee portion of 6.25% of current covered payroll which the District is prohibited from paying on behalf of the employees. The required employer contribution rate was 6.25%. The contribution requirements of the plan members and the District are established by State statute.

The District's contributions to the Miscellaneous 2.5% at 55 Risk Pool for the years ended June 30, 2014, 2013 and 2012, which were all prepaid by the District at the beginning of the year, were \$365,788, \$345,787, and \$334,641, respectively. These contributions were equal to the required contributions for each year. There were no contributions to the Miscellaneous 2% at 62 Risk Pool during the fiscal years ended June 30, 2014 and 2013.

On July 15, 2013, the District paid \$384,274 to pay off the remaining balance of the Side Fund that had been created as a result of the mandate by the State to participate in the Miscellaneous 2.5% at 55 Risk Pool back on July 1, 2005. This amount was included in accounts payable as of June 30, 2013 as the Side Fund relates to past service costs.

12. OTHER POST-EMPLOYMENT BENEFITS (OPEB):

a. Plan Description:

The District has a single-employer other post-employment benefit plan that provides medical, dental and vision coverage to 24 active employees and 8 retired employees through the ACWA health program. At retirement, the District provides a contribution for the continuation of these coverage's for eligible retirees. Eligibility for a District contribution requires retirement from the District and under CalPERS on or after age 55 with at least 15 years of continuous service. The District provides 100% of the cost of coverage for the retiree and any covered spouse.

See independent auditors' report.

ROWLAND WATER DISTRICT

NOTES TO BASIC FINANCIAL STATEMENTS
(CONTINUED)

June 30, 2014 and 2013

12. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (CONTINUED):

a. Plan Description (Continued):

Employees hired on or after July 1, 2009 are eligible for a District contribution if retiring from the District and under CalPERS on or after age 55 with at least 15 years of continuous District service. The District provides 100% of the cost of coverage for the retiree only.

A stand-alone financial report is not issued for this plan and it is not included in the report of CalPERS or another entity.

b. Funding Policy:

The contribution requirements of plan members and the District are established and may be amended by the District, District's Board of Directors, and/or the employee associations. Currently, contributions are not required from plan members. The District has been typically funding this OPEB plan on a pay-as-you-go basis. For the years ended June 30, 2014 and 2013, the District paid \$118,860 and \$103,272, respectively, in health care costs for its retirees and their covered dependents. In addition the District made a \$555,000 and a \$285,000 contribution to a trust account established to fund the District's net OPEB obligation for the years ended June 30, 2014 and 2013, respectively.

c. Annual OPEB Cost and Net OPEB Obligation:

The District's annual OPEB cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with parameters of GASB Statement 45 applied prospectively. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and to amortize any unfunded liabilities of the plan over a period not to exceed thirty years.

The following table shows the components of the District's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the District's net OPEB obligation to the Retiree Health Plan:

	<u>2014</u>	<u>2013</u>
Annual required contribution	\$ 349,995	\$ 346,266
Interest on net OPEB obligation	50,266	52,667
Adjustment to annual required contribution	<u>(40,195)</u>	<u>(47,596)</u>
Annual OPEB cost (expense)	360,066	351,337
Actual contributions made	<u>(673,860)</u>	<u>(388,272)</u>
Increase (decrease) in net OPEB obligation	(313,794)	(36,935)
Net OPEB Obligation - beginning of year	<u>773,320</u>	<u>810,255</u>
Net OPEB Obligation - end of year	<u>\$ 459,526</u>	<u>\$ 773,320</u>

See independent auditors' report.

ROWLAND WATER DISTRICT

NOTES TO BASIC FINANCIAL STATEMENTS
(CONTINUED)

June 30, 2014 and 2013

12. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (CONTINUED):

d. Three-Year Trend Information:

The District's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the years ended June 30, 2014, 2013 and 2012 were as follows:

Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Costs Contributed	Net OPEB Obligation
6/30/12	\$ 423,292	27.79%	\$ 810,255
6/30/13	351,337	110.50%	773,320
6/30/14	360,066	187.15%	459,526

e. Funded Status and Funding Progress:

As of July 1, 2012, the plan was 8.99% percent funded. The actuarial accrued liability for benefits was \$4,499,844, and the actuarial value of assets was \$404,434, resulting in an unfunded actuarial accrued liability (UAAL) of \$4,095,410. The estimated covered payroll (annual payroll of active employees covered by the plan) was \$2,145,129 and the ratio of the UAAL to the covered payroll was 190.92%.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about rates of employee turnover, retirement, mortality, as well as economic assumptions regarding claim costs per retiree, healthcare inflation and interest rates. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to basic financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

See independent auditors' report.

ROWLAND WATER DISTRICT

NOTES TO BASIC FINANCIAL STATEMENTS
(CONTINUED)

June 30, 2014 and 2013

12. OTHER POST-EMPLOYMENT BENEFITS (OPEB) (CONTINUED):

f. Actuarial Methods and Assumptions:

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. The entry age normal cost method was used for the actuarial valuation as of July 1, 2012. Significant assumptions included a discount rate of 5% per annum, projected salary increases of 3.25% per annum and medical trend rates that start at 9.0% for HMO and 9.5% for PPO coverage in the initial year and are decreased 0.5% per year to an ultimate rate of 5.0%. The unfunded actuarial accrued liability is being amortized over an initial 30 years using the level-percentage-of-pay method on a closed-basis. The remaining amortization period is 30 years.

13. RISK MANAGEMENT:

The District is a member of the Association of California Water Agencies Joint Powers Insurance Authority (Insurance Authority). The Insurance Authority is a risk-pooling self-insurance authority, created under provisions of California Government Code Sections 6500 et. seq. The purpose of the Insurance Authority is to arrange and administer programs of insurance for the pooling of self-insured losses and to purchase excess insurance coverage.

At June 30, 2014, the District participated in the self-insurance programs of the Insurance Authority as follows:

Property Loss - The Insurance Authority has pooled self-insurance up to \$50,000 per occurrence and has purchased excess insurance coverage up to \$100,000,000 (total insurable value of \$44,178,022). The District has a \$2,500 deductible for buildings, personal property and fixed equipment, a \$1,000 deductible for mobile equipment and a \$500 deductible for licensed vehicles.

General Liability - The Insurance Authority has pooled self-insurance up to \$2,000,000 per occurrence and has purchased excess insurance coverage of \$58,000,000. This program does not have a deductible.

Auto Liability - The Insurance Authority has pooled self-insurance up to \$2,000,000 per occurrence and has purchased excess insurance coverage of \$58,000,000. This program does not have a deductible.

See independent auditors' report.

13. RISK MANAGEMENT (CONTINUED):

Public Officials' Liability - The Insurance Authority has pooled self-insurance up to \$2,000,000 per occurrence and has purchased excess insurance coverage of \$58,000,000.

Fidelity Bond - The Insurance Authority has pooled self-insurance up to \$100,000 per occurrence. The District has a \$1,000 deductible.

Public Official Bond - The District has purchased a \$200,000 bond to cover the general manager's faithful performance of duty.

Workers' Compensation - Insured up to the statutory limit; the Insurance Authority is self-insured up to \$2,000,000 and excess insurance coverage has been purchased up to the statutory limit. Employer's liability is insured up to the statutory limit. The Insurance Authority has pooled self-insurance up to \$2,000,000 and has purchased excess insurance coverage of \$2,000,000.

Underground Storage Tank Pollution Liability - The Insurance Authority is self-insured up to \$500,000 per occurrence and has purchased excess coverage of \$3,000,000. The District has a \$10,000 deductible.

The District pays annual premiums for these coverages. They are subject to retrospective adjustments based on claims expended. The nature and amount of these adjustments cannot be estimated and are charged to expenses as invoiced. There were no instances in the past three years where a settlement exceeded the District's coverage.

14. UNRESTRICTED NET POSITION:

The District has adopted a policy to designate reserves of unrestricted net position. Total reserves were designated as follows as of June 30, 2014 and 2013:

	<u>2014</u>	<u>2013</u>
Designated reserves for:		
Operations	\$ 3,697,500	\$ 3,610,000
Rate stabilization	1,053,180	976,591
Capital funding including expansion of facilities and future repairs and maintenance	<u>12,251,586</u>	<u>11,868,713</u>
Total Designated Reserves	17,002,266	16,455,304
Undesignated net position	<u>816,206</u>	<u>1,353,600</u>
 Total Unrestricted Net Position	 <u>\$ 17,818,472</u>	 <u>\$ 17,808,904</u>

See independent auditors' report.

ROWLAND WATER DISTRICT

NOTES TO BASIC FINANCIAL STATEMENTS
(CONTINUED)

June 30, 2014 and 2013

15. COMMITMENTS AND CONTINGENCIES:

- a. The District has entered into a water production and delivery agreement with another party to receive groundwater produced on behalf of the District. Under the terms of the agreement, the District is required to contribute \$2,000,000 to the other party for necessary expansion, rehabilitation and improvements of their facilities as a result of this agreement. The District made one payment in the amount of \$660,000 in fiscal year 2011-2012. Of that amount, \$330,000 is due from another district and is included in other receivable in the accompanying statements of net position and \$330,000 was expensed in the accompanying statements of revenues, expenses and changes in net position. The remaining \$1,340,000 (\$670,000 of which is due from another District) was paid upon meeting certain conditions set forth in the agreement in fiscal year 2013-2014.
- b. The District is party to a water production and delivery agreement dated May 12, 2012 with the La Habra Heights County Water District (“La Habra Heights”) for the purpose of assisting the District to access water rights in the Central Groundwater Basin of Los Angeles County (“Central Basin”). The District has acquired pumping rights in the Central Basin but has no facilities to produce water from Central Basin. La Habra Heights has facilities to produce water from the Central Basin and is able to assist the District to produce water, pursuant to the District’s water rights, and deliver the water to the District’s water distribution system. Subject to certain limitations as specified in the agreement, La Habra Heights will convey to the District, groundwater from the Central Basin. La Habra Heights will bill the District on a monthly basis for water delivery costs. The District will pay La Habra Heights for transporting water, and La Habra Height’s direct cost of production, energy costs associated with the delivery of the water to the delivery point, any other variable cost of production. The District will pay a wheeling charge that is \$50 per acre-foot until the District has amortized its capital costs. After the District has fully amortized its capital cost, the wheeling charge is \$75 per acre-foot. In addition, La Habra Heights will share the cost savings that the District realizes as a result of La Habra Heights pumping and delivering water to the District from the Central Basin instead of the District purchasing water from other sources. In fiscal year 2014, the District incurred \$533,127 in costs to construct the transmission facilities on La Habra Height’s property which the La Habra Heights is responsible for maintaining. These amounts are recorded as contributed capital to La Habra Heights.

See independent auditors’ report.

16. SUBSEQUENT EVENTS:

On September 18, 2014 the District issued \$20,060,000 in refunding water bonds, series 2014 at a premium of \$1,686,785, in order to advance refund the District's outstanding 2008 Certificates of Participation. The District completed the advance refunding, to reduce its total debt service over the next 26 years by \$3,455,528 and to obtain an economic gain (difference between to the present values of the old and new debt service payments) of \$2,659,410.

Events occurring after June 30, 2014 have been evaluated for possible adjustments to the financial statements or disclosure as of December 9, 2014, which is the date these financial statements were available to be issued.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Directors
Rowland Water District
Rowland Heights, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Rowland Water District (the District) as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated December 9, 2014.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described below, we identified a certain deficiency in internal control that we consider to be a material weakness.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described below to be a material weakness.

Internal Control over Financial Reporting (Continued)

Material Weakness:

Accounting for Joint Capital Projects

The District is involved with several other organizations in the development and construction of certain projects that will enhance water production and delivery for the District. We noted that the accounting for these joint capital projects was not correct resulting in significant differences to the balances for the District's construction-in-progress, other receivables and other payables general ledger accounts. We recommend that management review and modify its internal controls to ensure that activity related to these joint capital projects is accounted for correctly at the time that the transactions are occurring.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
